

Stop Project 2025!

Project 2025 is the far-right extremists' plan and vision for America, drafted by allies and supporters of convicted felon Donald Trump, which he will implement if he wins a second presidential term in 2024. It is a Republican plot **against** America.

The details of the plan sound almost too extreme to be true, but unfortunately, it's real. You can Google it, check out an in-depth overview on kamalaharris.com/project2025, read or watch coverage from news outlets like [MSNBC](#), [CNN](#), [BBC](#), [Scientific American](#), and the [Washington Post](#), fact-check it on Snopes.com or VerifyThis.com, or even go directly to the source and read the 900-page plan on the Project2025.org website.

Here are some of the most troubling plans spelled out in the agenda. Project 2025 would:

Take away reproductive rights

- Institute a national abortion ban, including medication abortion
- Restrict or ban access to contraceptives and IVF

End Public Education

- Eliminate the Department of Education
- Use public, taxpayer money for private religious schools
- Teach Christian religious beliefs in public schools
- End free school lunch programs and Head Start Pre-K programs

Slash programs for seniors

- Raise the retirement age
- Cut Social Security & Medicare

Roll back access to healthcare

- End the Affordable Care Act
- Raise prescription drug prices
- Cut funding for Medicaid

Shift more wealth to the top 1%

- Create additional tax breaks for corporations and the 1%
- Raise taxes on the working class
- Eliminate unions & worker protections
- End student loan forgiveness programs

Cut scientific research and end programs that address climate change

- Reduce or eliminate the EPA, NOAA, the FDA, USDA, and more
- Remove environmental protections
- Reduce funding for renewable energy
- Increase Arctic drilling and deregulate big business and the oil industry

Attack civic & human rights

- End DEI protections in government
- Remove federal protections for LGBTQ+ individuals
- End marriage equality
- Recognize only "biblically based" definition of marriage and families
- Mass deportation of immigrants and incarceration in "camps"
- End protections for Dreamers

Give unchecked power to the President

- Turn the FBI, Justice Department, and other agencies into partisan, loyalist enforcement arms of the President
- Continue to pack the Supreme Court and lower courts with extremist right-wing judges
- Use the military to break up domestic protests

The only way to **STOP** Trump's Project 2025 is to **VOTE** on November 5. Please help us elect Democrats up and down the ticket to protect our rights at the state and federal levels.
